ADS MANAGING ON META ADS FOR A LOCAL COMPANY – VIDRIOS Y ESPEJOS HN23 – 17/03/2025 – 06/08/2025 – VILLAVICENCIO, COLOMBIA

- **Managed and optimized Meta Ads campaigns (Facebook & Instagram)** for a local glass and mirror company, achieving consistent **positive results and lead generation.**
- **Created successful digital content** for advertising campaigns, boosting engagement and brand visibility.
- **Developed and applied effective marketing strategies**, tailored to local market needs and focused on attracting qualified leads.
- **Implemented advertising plans that improved ROI** and increased customer inquiries.

Business or Sector: Manufacturing | **Department:** Marketing Area | **Email:** abc-marketing@abcingenieria.com | **Website:** abcingenieria.com

I was approached by a marketing manager at ABC Ingeniería through a mutual connection who recommended my web development services. After presenting my portfolio at niheba.com/contact, the company was impressed and decided to collaborate with me to address their needs for website redesign and optimization. The primary objectives were:

1. **Redesigning the website:** Enhancing the outdated design to improve the user experience (UX) and user interface (UI). A modern layout was conceptualized using Figma.
2. **Creating an English version:** Developing a bilingual website to target American audiences, particularly for a U.S.-based partner company.

The steps involved in the project included:

Web Design

- Revamped the existing website design with a focus on modern aesthetics and usability, ensuring a seamless user journey.
- Delivered a wireframe and prototype through Figma to align with the client's vision.

WordPress Development

- Adapted to the client's existing WordPress setup while implementing customized solutions, including:
 - Updating WordPress plugins and themes to ensure compatibility and security.
 - Enhancing the website's hosting performance for faster load times.
 - Strengthening website security by integrating a robust CDN (Cloudflare).

Web Development

- Developed and customized both the frontend and backend using a combination of:
 - **HTML, CSS, JavaScript, and PHP snippets.**
 - The **Stackable Plugin** for flexible block-based design.
 - **Bootstrap 5** for responsive and mobile-friendly layouts.
- Implemented key functionalities:
 - **Website analytics** using Microsoft Clarity and Facebook Pixel to track user interactions.
 - Configured Facebook and Google advertising services, including registering the website with Google Search Console.
 - Added user-friendly forms and interactive polls to engage visitors.

Web Maintenance

- Achieved a Google PageSpeed score of 85+ through optimization techniques.
- Integrated advanced security measures using Cloudflare for CDN and threat mitigation.
- Provided ongoing support and maintenance to ensure long-term functionality and reliability.

This project demonstrated my ability to collaborate with clients, leverage modern web technologies, and deliver high-quality results tailored to business needs.

WEB DEVELOPER & SOCIAL MEDIA ADVERTISING MANAGER – EXTINTORES Y ORTOPEDICOS EXTINSEG SAS – 13/01/2025 – Current – VILLAVICENCIO, COLOMBIA

Business or Sector: Public administration and defence; compulsory social security | **Department:** CEO |
Email: contacto@extintoresyortopedicos.com | **Website:** www.extintoresyortopedicos.com

The team at **EXTINTORES Y ORTOPÉDICOS EXTINSEG SAS** approached me with the goal of creating a digital platform to promote and sell their orthopedic products and fire extinguishers. They envisioned a user-friendly website that would serve as the core of their online business, complemented by professionally managed advertising campaigns on Facebook to maximize customer engagement and sales.

The project's main objectives were:

1. **Developing a professional and functional e-commerce platform** to showcase their product catalog and streamline customer inquiries.
2. **Managing advertising strategies** to deliver measurable results and increase product sales through Facebook and other digital marketing tools.

The process involved the following steps:

Web Design

- Designed a modern and responsive interface to provide an optimal user experience (UX) and seamless navigation across devices.
- Created mockups and prototypes in Figma to ensure the design aligned with the client's brand identity and vision.
- Conducted a **website rebranding** to refresh the company's online image and make it more appealing to their target audience.

WordPress Development

- Built the website using WordPress, integrating customized features to meet their business needs.
- Updated plugins and themes to maintain a stable, secure, and high-performing platform.
- Optimized hosting configurations to enhance website speed and reliability.

Web Development

- Developed the frontend and backend of the website using HTML, CSS, JavaScript, and PHP.
- Used frameworks like Bootstrap 5 to ensure the site was fully responsive and accessible on all devices.
- Implemented key functionalities, including:
 - **Optimized product pages** to showcase their inventory in an organized and visually appealing manner.
 - **Interactive forms** that allow customers to request quotes or detailed information about specific products.

Digital Marketing and Advertising Management

- Set up and managed **Facebook Business Manager**, integrating Facebook Pixel to track user behavior and improve ad performance.
- Designed and launched **targeted ad campaigns** to promote specific products, reaching well-defined demographics based on their marketing objectives.

- Monitored and optimized advertising performance metrics, such as click-through rates (CTR), conversion rates, and return on ad spend (ROAS), to ensure consistent growth in sales.
- Provided **data-driven insights and reports** to the client, showcasing the positive results achieved through advertising efforts.
- Registered the website on Google Search Console to boost search engine visibility and enhance SEO.

Ongoing Website and Marketing Maintenance

- Continuously monitored and updated the website to ensure functionality, security, and alignment with the client's evolving needs.
- Managed their **advertising budget and campaign strategies**, maintaining a strong focus on maximizing profitability and scaling their sales efforts.

Through this project, I was able to deliver a comprehensive solution that not only provided the client with an effective e-commerce platform but also ensured measurable results through advertising and marketing strategies. This collaboration highlighted my ability to integrate web development expertise with digital marketing management to support business growth and success.
